

MONOFUSE – The Point Of No Return

## Emptiness

### **Verse**

Another boring Sunday  
It 's just a waste of time  
You're trapped by all those memories  
And drowned inside your thoughts

I will be the one who brings you back to life  
I can be the one who shows you all the light  
Who's gonna make it right

### **Chorus**

But you just live in this emptiness so  
Follow my trace and try to find me  
Follow my trace and try to

And then you make it right  
But you just live in this emptiness so  
Follow my trace and try to find me  
Follow my trace and try to

### **Verse**

You're looking incomplete now  
But that is not the point  
You're said to need more time  
Forget about the past
