

MONOFUSE – The Point Of No Return

## Wasted

### Verse

You are wasted  
I can't see no life inside your eyes

You are wasted  
You don't know why all you like just dies

You are wasted  
The numbers on your screen are telling lies

You are wasted  
The life you live is just a lullaby

### Chorus

Wake up man  
Turn yourself on  
Unplug the fake  
And face reality

Wake up man  
See yourself dawn  
Ignore the lights  
Step out tranquillity

### Verse

You are wasted  
Don't you know that this is not the truth

You are wasted  
Look at you and you will find the proof

### Chorus

### Bridge

Come on out and face reality  
Step out of your own tranquillity
